I  COURSE DESCRIPTION

A general introduction to the theology of the first five books of the Bible. The doctrine and nature of creation will be considered as the foundation of all further revelation. The nature of the image of God and its implications for the nature of God's kingdom and presence will also be studied. The primacy of covenant in all of God's dealings will also appear. The major objective will be to inform and strengthen the student's commitment to the scripture as the Word of God.
