

Gordon-Conwell Theological Seminary

On-Campus Personal Safety Escort Assistance Policy

The Gordon–Conwell Department of Public Safety, Campus Safety provides **Personal Safety Escort assistance**, available to all female members of the Seminary community. When you request a personal safety escort, please provide the Campus Safety Officer with your name and exact location.

The Department of Public Safety, Campus Safety is committed to the goals of providing safe, efficient and courteous personal safety escort assistance. Therefore, certain restrictions must be placed on this service. The personal safety escort assistance is not designed to provide off-campus transportation to/from places of employment, restaurants, airports, mass-transit, and so on, nor is it intended to provide transportation for large groups. It is strictly a service provided on-campus when personal safety is a concern (i.e. walking back to your dorm or to your car late at night).

***Please note:** occasionally, situations may arise where we are unable to respond immediately to your request. The Campus Safety Officer will advise you at the time of your call of any expected delays. If the Campus Safety Officer has not arrived after a reasonable time, please call again.*
