Where is God in the midst of our sicknesses, our loneliness, our losses? Where is he during our world’s disasters and wars? Is God all-loving? Is he all-powerful?

This summer the Ockenga Institute has dedicated its Summer Conference to asking the hard questions of life. Join Joni Eareckson Tada, David Deuel, Kathy McReynolds and others as they tackle the topic of finding God’s purposes in life’s challenges. Through main sessions and interactive workshops, we will explore together the answers to these questions and learn to find God’s grace in the midst of life’s storms.

Beyond Suffering will be offered as a for-credit and non-credit course in conjunction with the conference. Dr. Kathy McReynolds will be teaching in-class from June 12-14, and the Summer Conference will complete the course from June 15-16. For more information visit us online at www.gordonconwell.edu/summer_conference.
