Introduction

As a seminary we now find ourselves addressing two battles: “The Peril of Pastors without the Biblical Languages” and the peril of pastors languishing with the languages. Many preachers in the pulpit make little to no use of the original languages EVEN AFTER seminary. The statistics are grim. This is why Zondervan has recently published both Greek and Hebrew Reader’s of the Bible.

Knowing the language DOES enhance your effectiveness in the call to communicate biblical truths. Knowing the language DOES provide a better comprehension of the Old Testament. But it is not without cost.

Admittedly, there is a high price tag attached to learning Hebrew. Without an aggressive investment of time, energy, and patience, you will not get the valuable and relevant skills needed to interpret the Word of God. Once you see the fruit of your labor (particularly through exegesis and time in the text) you will never become part of those grim statistics!

I. Course Description and Objectives

1. The main objective of this course is to furnish students with basic knowledge of Hebrew grammar and vocabulary. Should you come to this challenge with due diligence in both sessions the results will be rewarding! You will be able to READ your Hebrew Bible with the aid of a dictionary (lexicon).

2. Acquisition of vocabulary, pronunciation and reading proficiency will be emphasized as we give attention to reading select biblical texts. You can also access the website (www.basicsofbiblicalhebrew.com) and the accompanying CD for extra help with vocabulary and pronunciation.

3. Creative and helpful mnemonics are offered regularly so that the student might readily retain aspects of the grammar. Furthermore, a variety of learning strategies are employed to aid the learning process.

4. A TA will be working with me to help meet the objectives of this course. The TA will be responsible for checking homework, attendance, doing grading, weekly office hours, and teaching/facilitating some classes during the semester.

II. Required Textbooks/Readings

III. Recommended Textbooks/Optional Resource

1. *Biblia Hebraica Stuttgartensia* (BHS)
   ISBN 3-438-05218-0

   ✓ Although I have not included this reading in the weekly assignment schedule, students will find this resource EXTREMELY valuable. The chapters correspond to the grammar of our textbook. It is a fun, easy read and a great way to brush up on your English grammar, or perhaps, learn it for the first time!

IV. Approved Study Helps (based on our textbook)

The first item is by Miles Van Pelt, one of the authors of our textbook. He has a video series to accompany the textbook, *Basics of Biblical Hebrew Video Lectures: A Complete Course for the Beginner.* The second item is a website developed by John Beckman, a former GCTS student. Visit www.hebrewsyntax.org/bbh2 (user name and password both bbh2) for additional online help.
You can also utilize, Daily Dose of Hebrew by Dr. Mark Futato. In just two minutes per verse you can review your Hebrew and use it for a life long ministry!** This is a good resource when you have completed Hebrew, too. http://dailydoseofhebrew.com/

IV. Course Requirements

1. Weekly quizzes (45%). Quizzes will be offered weekly. In the first few weeks, however, you may see an extra quiz or two! This is the exception and not the rule; something that will help early on. Quizzes will be done on Sakai. All quizzes will be posted at noon on the day specified by the syllabus. They will be posted until, but not after 8:00 a.m. of the following class period, also specified on the syllabus. Details will be given in class about quiz taking proceedings and expectations. Students will bring hard copies of the quiz back for the next class session OR deposit them with our TA immediately after writing the quiz (place TBA).

Should you miss a quiz you will be required to write a make-up but at the END of the semester. One make-up quiz will be given at the end of each term just prior to the final exam. Rather than covering small sound bites of material, the make-up quiz will entail more. It is to your advantage not to miss the quiz. No exceptions. This includes sickness or adverse weather.

You may drop your lowest quiz score! But you may not take the make-up quiz to replace a low grade. The make-up is reserved for the reason listed above.

2. Final examination (45%). This will be a three-hour exam written during exam week in December. ATTENTION: in order to pass Hebrew I and continue with Hebrew II in the spring semester you must earn a grade of C- (70% or higher) in the class. Please keep this in mind as you configure your course load for the semester.

3. In-class recitations (5%): Each student will be called upon to interact with homework assignments previously prepared. Your responses will be evaluated by myself or the TA (if applicable). Accountability on a weekly basis with assignments is the foundation for a long-term mastery of the language. For this reason your homework and in-class responses will be noted with a basic grading system of a check mark or check minus. Failure to do all the homework will award you an automatic check minus. If you receive three or more check minuses, consequences will be determined on a case-by-case basis. Therefore, PLEASE come to class prepared. If you are not prepared, however, DO NOT STAY HOME! It is far better to come to class unprepared so that you can benefit from hearing in-class discussions (auditory learning). Failure to attend TA sessions (if offered) will result in a grade penalty.
4. **Required Reading:** *Exegetical Insights through Chapter 22 (5%)*. There is a “Table of Insights” (p. xii) that will convince you to stay the course with the language! Read these weekly as part of your devotions. I will give you a reading accountability sheet at the end of the course.

5. **Regular class attendance is required** (5%). I or the TA will keep a record of your attendance. Should you fail to attend class regularly your grade will reflect this choice.

6. **Arriving on time.** This is crucial for two reasons. First, each class usually commences with a devotion or some type of encouragement. You will not want to be late as you will need EVERY encouragement about learning Hebrew. Second, I tend to give instructions/adjustments regarding quizzes and assignments at the beginning of class time. It is to your benefit to be present for these matters when we first meet. My commitment to you is as follows: I will begin classes precisely as scheduled, with or without you! And I will never keep you beyond 11:00 a.m. so as not to be late for our exciting chapel services!

- A Suggestion: Perhaps you might want to form study groups. If anyone would like the assistance of a personal tutor, upon request, I will supply you with names and contact information.

**Assignment Expectations**

**Assignment Mechanics:**

- Read each chapter's summary **FIRST**.

- Review Hebrew Helps Handout on Sakai (HHH); introductory comments handout on Sakai. **SECOND.** The latter document outlines the irreducible minimum elements in the chapter that you must master. It puts a zoom lens on where you should spend most of your time and energy relative to that
chapter’s material. Too often students spin their wheels wondering what is most important in a given chapter and lose valuable time trying to figure it all out. While it is true that all of it is important, the document I created alleviates this guesswork and allows you to focus and be efficient in language learning.

- Read the entire chapter in the grammar **THIRD**.

- **FOURTH.** Listen to Sakai lectures/sound bites on a given chapter.

- Do workbook exercises **LAST**. Remember that the exercises in the workbook include new vocabulary from the chapter. In an ideal world it is best to get mastery over the vocabulary before beginning the exercises. However, if this is not possible you will have to apply the hunt and search method in order to complete your exercises. If you have to resort to the latter method (memorizing vocab after doing the exercises) at least be certain you comprehend the chapter’s grammar.

- In summation you are required to complete the workbook exercises, get comfortable with the chapter’s main grammatical content, and memorize the vocabulary of each chapter BEFORE we meet. The CD-Rom accompanying the textbook gives answers to all workbook exercises.

Please note the important order outlined above for the mechanics of working through each week’s assignments. You will find your groove in the course of the semester. However, please try to follow my suggestions as closely as possible in order to get the most out of this course. **IT REALLY DOES WORK!**

- Although I have not included reading *English Grammar to Ace Biblical Hebrew* as part of the mechanics of your assignments, students will find this resource EXTREMELY valuable. The chapters correspond to the grammar of our textbook. It is a fun, easy read and a great way to brush up on your English grammar, or perhaps, learn it for the first time!

The CD-ROM accompanying the textbook gives answers to all workbook exercises. Visit [www.hebrewsyntax.org/bbh2](http://www.hebrewsyntax.org/bbh2) (user name and password both bbh2), a website developed by John Beckman, for additional online help. With these resources your language learning will be reinforced utilizing several learning strategies.
Assigned Vocabulary:

- Vocabulary is from Hebrew to English AND English to Hebrew until otherwise noted on the syllabus and HHH document. This means you must reproduce/compose Hebrew for some lessons. Full expectations for each chapter’s vocabulary are given on the accompanying Hebrew Helps Handout (HHH). Keeping up with the vocabulary on a weekly basis is crucial. Students strong in the language know vocabulary cold. All the formal vocabulary sections in each chapter of BBH are required on the day and date that the chapter’s grammar content and exercises are due.

- Review old words first, make flashcards (hand write) for new words (or use pre-made vocab cards – not the best option, however) commence memorization of new words for the chapter(s). Review the whole batch and start process all over again. See http://flashworks.com and other on-line vocabulary aides that are readily available and recommended. See http://www.quizlet.com for a great online resource for reviewing Hebrew vocabulary. See also http://www.memrise.com for additional helps.

- Daily NOT weekly review is the key to long-term mastery of vocabulary. Small sound bites work best rather than massive review sessions. The latter is appropriate but only after establishing a daily routine.

- Write and recite for great delight! Let this be your motto for Hebrew vocabulary. In terms of writing, I am convinced that pre-made vocab cards short circuit the learning process because the tactile side of learning is neglected. In terms of reciting vocab words, both auditory and visual learning is taking place. Three of the five senses are, therefore, utilized! Indeed, you should write and recite for great delight!

Assignment Basics:

- Transliteration NOT required regardless of what the textbook says.
- Advanced Information sections NOT required unless otherwise noted by the professor. Please look for instructions on this weekly.
