PROFILE

I have been in pastoral ministry for over 35 years as a solo and lead pastor. My passion has been to serve the Kingdom of God in New England leading men, women and children to trust Christ and grow into faithful disciples, knowing God intimately, and seeking to help others encounter the living God. For the last ten years, my passion has also been focused on mentoring new pastors and teaching our students to be pastors.

Before I entered the ministry, I worked in the banking and credit industry. I also was a training manager of a restaurant, an accountant, worked for a large corporation as an assistant credit manager and worked in the trust department in a Boston bank.
