

Assisted Listening (Program Sound/English)

Gordon College's Assisted Listening system is "Bring Your Own Device". To utilize this service for GCTS graduation services, you must bring your own Internet-enabled device (such as a phone or tablet) and headphones. A limited supply of headphones will be available for check-out at the Usher table in the lobby.

- 1) Download the Listen Everywhere mobile app from your device's App store.
- 2) Once the app is installed, connect your device's WiFi to the network "**GordonLISTEN**".
- 3) Open the Listen Everywhere app.
 - i. The app should connect to the audio stream automatically.
 - ii. If it doesn't connect automatically, press "Venue Scan" once the initial 30 second countdown is complete.
 - iii. If the app still doesn't connect to the stream, manually enter **172.23.10.10** into the "Type in the IP Address" box at the bottom of the app screen.
- 4) Assisted Listening (English) program audio will be streaming on the channel "Audio BLCF". Select this channel if prompted.

If you have any issues connecting, please see visit the Usher/Technology Services table in the lobby or text 978-646-4133.
