BLACK HALF-SIZE POSTERBOARDS

Mr. Warthman was the BP Historian for some time as I was told by Mrs. Kay Arola. He kept a scrapbook made out of black half-size posterboards which have since been unassembled and are individually placed. They contain all sort of information and most do not appear to have a theme or such it is following. It seems to be an accumulation of newspaper articles, some pictures, class helps, banquet programs, other programs, invitations etc. about BP classes across the country. Also see Anne Olson's notes to see what she found out when interviewing members that attended the convention in July 2000 at GCTS.
